**DETAILED ACTION**

***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-25 are rejected under 35 U.S.C. 102(b) as being anticipated by WO 00/20706 granted to Olofsson et al.

Olofsson et al. teaches all the limitations of the above claims including at least two flooring panels (1) with a top surface (3), bottom surface (5), middle substrate made of wood (page 6, line 6), grooves (2) extending the length of the panel and intersecting with groove on other side, channel (4) on bottom surface, parallel to groove (see Figure), geometry of a square (page 2, lines 9-10), connector (10) extending the length of the panel and traverse (14), and teaches the method of placing the panels on the and mating the connector.
